ONE Family Doctor

Healthier SG is an initiative by the Singapore Government to help all Singaporeans take essential steps towards better health.

Singapore residents are to be anchored with a family doctor to have a trusted and lifelong relationship.

ONE Personalised Health Plan

At Fullerton Health, our clinics will work with you to develop a personalised health plan based on your health profile and needs.

Throughout your health journey, our doctors will address any concerns you may have and work with you to achieve your health goals.
