*Our focus is on integrating recent advances in medicine and the latest technology for early prevention, diagnosis and treatment. We aim to be the ideal choice for all medical and healthcare needs by delivering safe and accurate prevention, diagnosis and treatment plans for everyone.*

Dr Walter Lim  
Managing Director  
Fullerton Health (Singapore)

A Healthier You,  
with Healthier SG

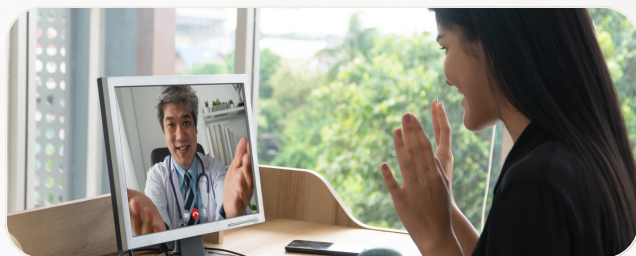

# One Family Doctor and One Health Plan for Everyone

Healthier SG is an initiative by the Singapore Government to help all Singaporeans take essential steps towards better health. Singapore residents are to be anchored with a family doctor so as to foster community support for a healthier lifestyle.

At Fullerton Health, our clinics will work with you to develop a personalised and individualised health plan based on your health profile.

Across every stage of your life and every step of your health journey, our doctors will discuss your condition and treatment options with you, address any concerns you may have, and work with you to achieve your health goals.

## Healthier SG at Fullerton Health: What is in it for you?

Through Healthier SG, choose Fullerton Health as your family doctor and create lifelong trustful relationship with us so that we can support your health journey. Below are some of your Key Benefits:

- ✓ Personalised Healthcare plan with a dedicated Fullerton Health Family Physician
- ✓ Subsidised Health Screening and nationally recommended vaccinations
- ✓ Wide range of GP services at conveniently located clinics and inhouse clinics
- ✓ Access to Telemedicine through the FHN3 App
- ✓ Chronic drugs at prices comparable to Polyclinics

## Your Health is our Priority

Our Health Services are operated by carefully selected Doctors and Healthcare Professionals who are committed to the entire patient care journey with an uncompromising focus on proficiency and efficiency. Our services include:

- ✓ Vaccinations
- ✓ Diabetic Foot Screening
- ✓ Diabetic Retinal Photography
- ✓ Nurse Counselling & Education
- ✓ Mental Wellness
